## *Why do we need a Comprehensive Plan Update ?*

**Arizona Revised Statutes** states that a Comprehensive Plan is effective for up to ten years from the date the plan was initially adopted.

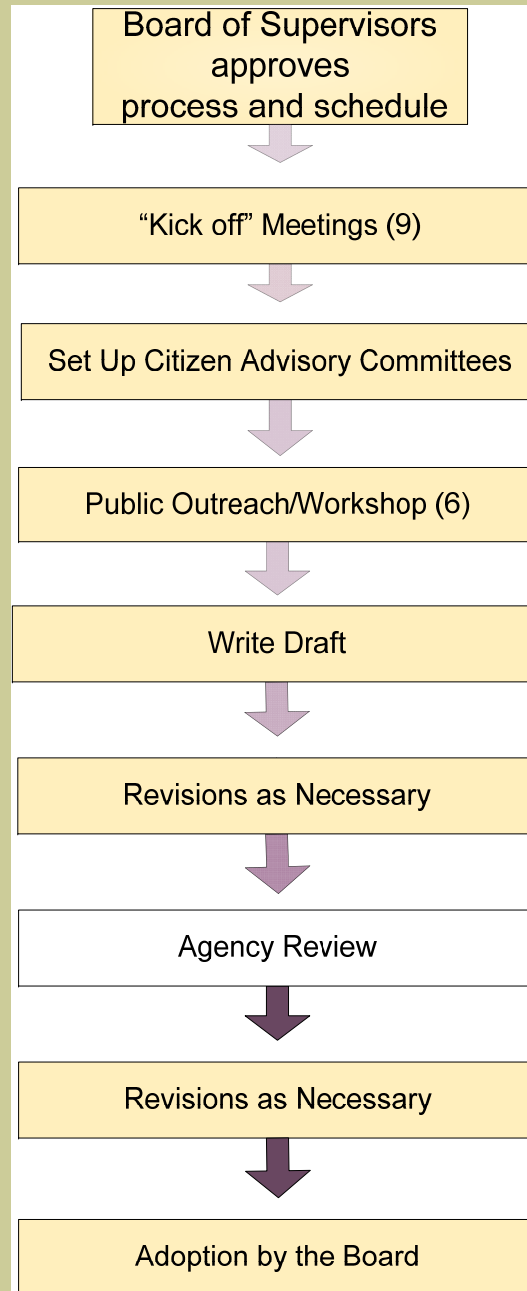

After that, the County must **revisit and update** or readopt the Plan.

Although the law recently temporarily suspended that deadline to 2015, the County is beginning this process of updating and amending our plan so that we can take a proactive approach to **managing future growth and development.**

When the County adopted the plan in 2003, it was called the "General Plan."

As part of the update to the General Plan, the name of the plan is being changed to the "Comprehensive Plan" to be consistent with Arizona Revised Statutes 11-806

## **What is the Process?**

On September 20th, 2010, the Yavapai County Board of Supervisors approved the Comprehensive or General Plan Update process. This process will entail significant **public involvement.**

The existing Yavapai County Comprehensive Plan was adopted by the Board of Supervisors in 2003.

It consists of four elements:

**Land Use,  
Transportation,  
Water and Open Space.**

**Based on population growth** over the last 10 years, four *additional elements are required* to be included:

**Growth Areas,  
Cost of Development,  
Environment and Energy.**

Four **Citizen Advisory Committees (CAC)** will each have two elements that they will be working on.

For information or questions on how to participate in the process please contact:
