

The Cornville Community Association held a Green Fair instead of their usual meeting on June 10. It was held in the gym at Oak Creek Elementary School in Cornville. There were 11 local vendors, about 50 residents and Cornville Association Board members. Cookies and water were provided by Lois Hook along with some great raffle prizes. It was good turn out and thank you to all that participated.

2nd Annual Green Fair Wednesday, June 10, 2009
