

Meeting called to order at 6 pm. All were present except Nikki and Debbi. Both excused.

Deanna opened by thanking everyone for all the hard work on the 125th Cornville Birthday party. It was a great success again. A letter to the editor was published on Sunday, July 18, thanking everyone involved.

August meeting is set if everyone approves. Verde Valley Fire Chief Jerry Doerksen will come to talk about the new budget and changes that are happening in the valley. Along with him will Skip Heyer, EMT, to talk about CPR and classes that are being held around the Verde Valley. Connie Dedrick will come and talk about a Fall Harvest Event for the Boys and Girls club that will be in Page Springs. Everyone agreed it would be a good meeting.

We need ideas for the Sept. meeting. Supervisor Davis will be at the Oct. meeting and Nov. pot luck. Some of the suggestions were inviting the Forest Service to come and talk about what is going on with forest service land and other projects in the area. Fish hatchery, Friends of the Well. We will finalize something by next board meeting. If anyone has any ideas before then, email to Deanna.

Paul discussed the update from Mike Willet on the Cornville Multi-Use Path. He said he discussed with Supervisor Davis at after party party and asked what was going on. Two days later an email was sent out with an update. Not much has changed, They are still submitting paperwork. 60% design will be started before ADOT returns the 30% review, in order to expedite project. So, we are still waiting after 7 years to get this path done and the Cohenville stage trail. The Verde Valley Trails committee has pretty much been dissolved. Will check and see what is going on with Tammy Dewitt.

Ted gave an update on the birthday party donations, cash donations were \$850 and we paid out \$645.24, made \$284 from raffle. With all the donations that were received from local vendors we were able to stay within budget and actually come out ahead. Lois said she had thank you letters and tax receipts for all business that participated. She mailed some and will hand carry the rest this week. Thank you Lois again for all your hard work and dedication to the CCA events.

Discussion for the November pot luck will be at the next board meeting. We decided that we would not ask local businesses for donations for the raffle and that we would purchase gifts to raffle. We will decide on how many and what we want to do and also come up with this years theme.

Deanna also said that the \$75 donation to the Pink Heals Tour in Jerome had been sent and thanked the board for agreeing to help sponsor that event. She will meet with the event manager and discuss the possibility of Cornville sponsoring this event next year in Windmill park. The event is August 5 from 4-7 in Jerome.

Meeting was adjourned at 7 pm
